

walkieTalkie

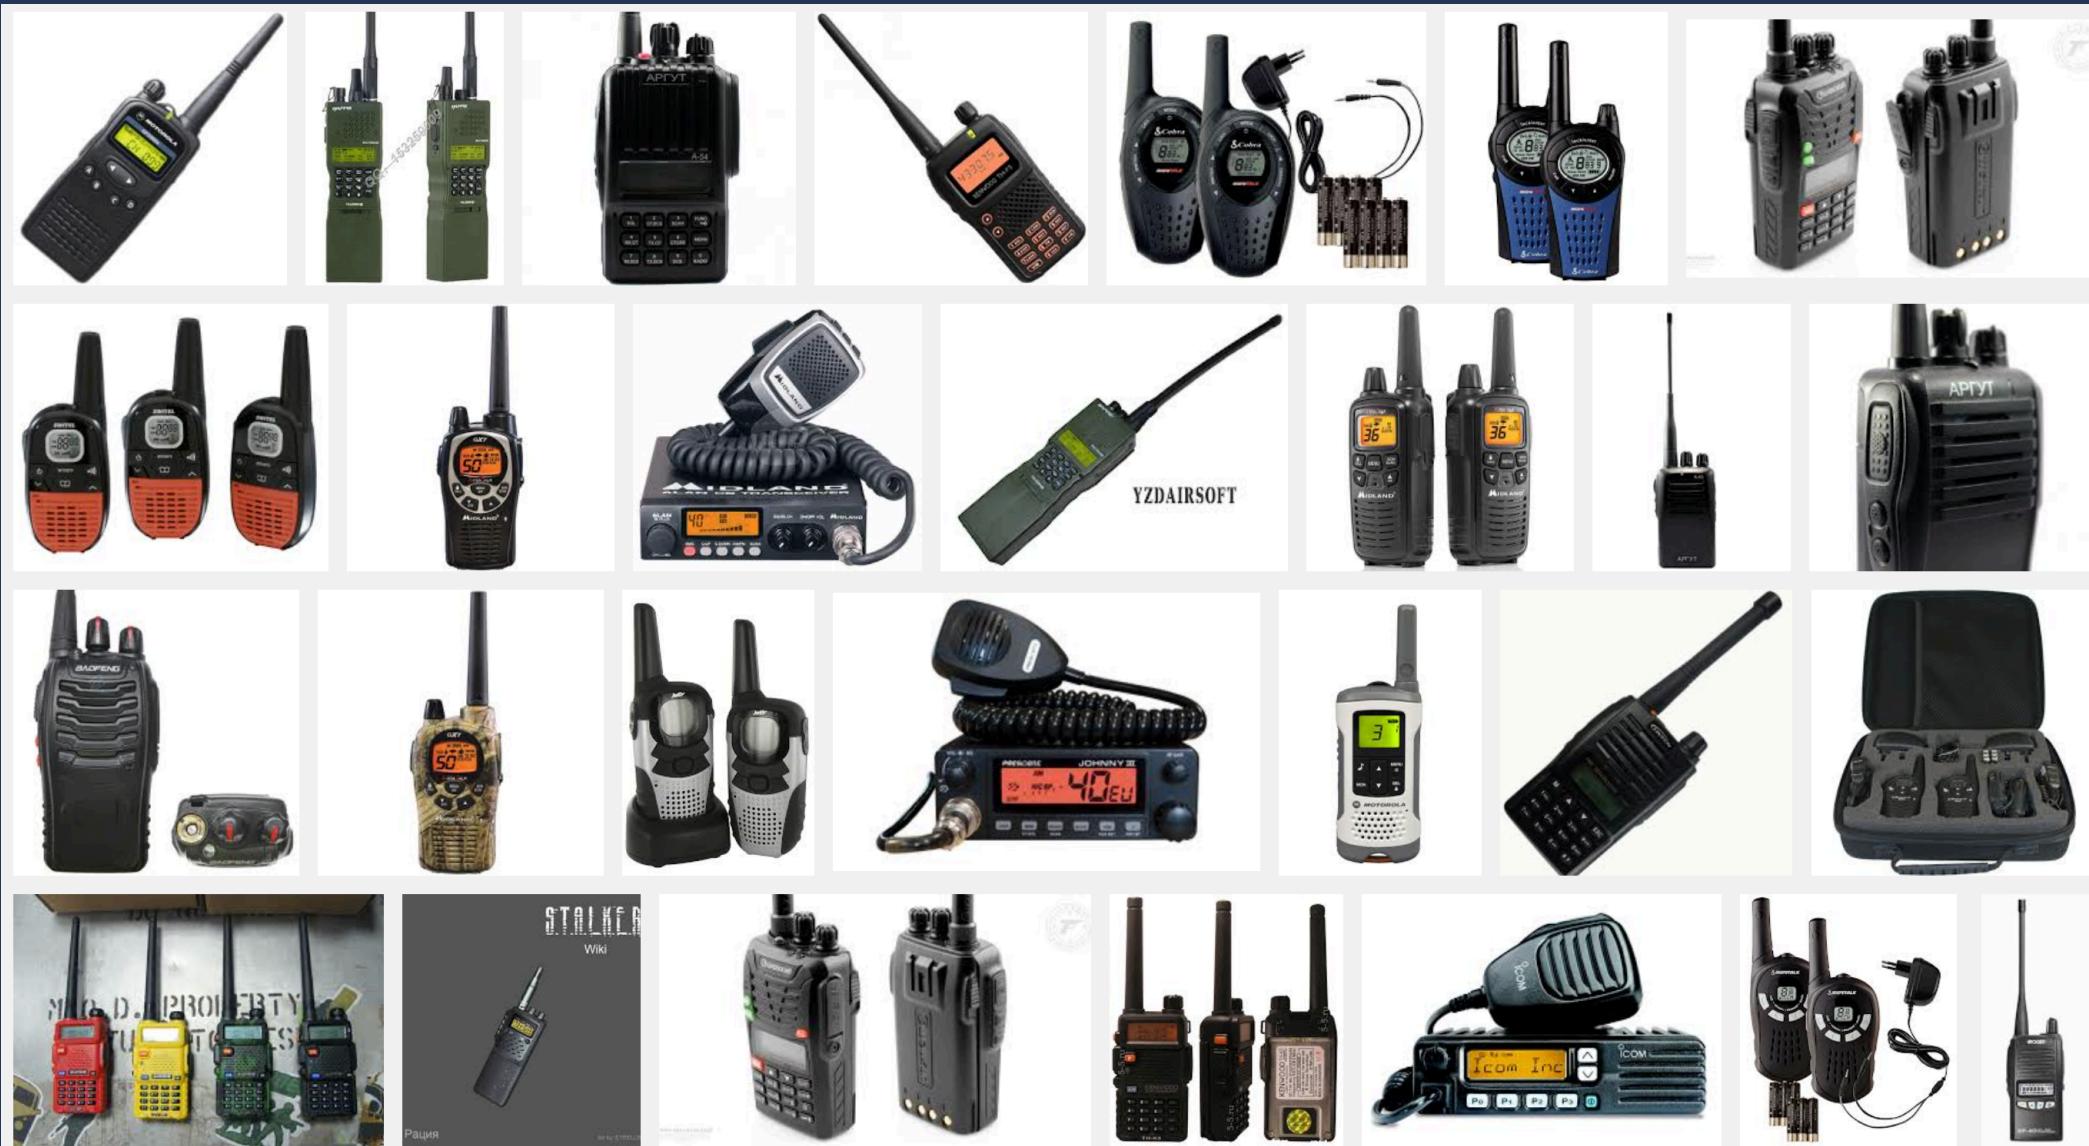

by CocoaHeads Belarus

Who we are?

- **Cyril Lashkevich**, Viber. @notorca
- **Aliaksandr Andrashuk**, Viber. @lime_jelly
- **Victor Ilyukevich**, CareZone. @yas375
- **Konstantin Salak**, Viaden. @stillk

What our project is about?

It's a walkie-talkie...

...for iOS devices

...written in Swift*!

* With just a little pieces in Objective-C and C.

Technology Stack

- Bonjour for device advertising and discovery
- Wi-Fi and Bluetooth for communication
- Object Oriented APIs of Audio Unit added in iOS 8
- Up to 8 devices can participate
- Swift, C, Objective-C
